

Week 2 — Strategic Design & Metrics · Facilitator Overview

Facilitator-only companion to `labs/README.md` . The per-day facilitator guides are the `day-*.md` files in this folder.

Facilitator pre-flight checklist

- ☐ Confirm each quad's Week 1 problem statement and Prompt Pattern Library are accessible (they are required inputs all week).
- ☐ Pre-print or share digitally: **Metrics Tier Sheet** (Day 1), **North Star Pitfalls Card** (Day 2), **UX Heuristics Card** (Day 3), **Journey Map Canvas** (Day 5).
- ☐ Refresh the FieldPulse handout pack — Day 4 reuses the dispatcher interview transcripts and support-ticket bundle.
- ☐ Review the Week 2 readout rubric (in `labs/README.md`).
- ☐ Coach yourself on the **most common Week 2 trap**: quads jumping to features before metrics. Hold the line — features only get listed on Day 5.
