

Week 3 — Requirements

Engineering & Mini-Capstone ·

Facilitator Overview

Facilitator-only companion to `labs/README.md`. The per-day facilitator guides are the `day-*.md` files in this folder.

Facilitator pre-flight checklist

- ☐ Confirm every quad's Week-2 artifacts are accessible Monday morning (NS, journey map, top 3 feature concepts).
- ☐ Pre-print the **PRD template** (1 per quad) and the **review rubric** (Friday).
- ☐ Set the **non-AI rule** explicitly Monday morning. Repeat Tuesday and Thursday.
- ☐ Decide review pairings before Friday. Each PRD gets two primary reviewers, plus a different secondary reviewer in the afternoon.
- ☐ Coach yourself on the **most common Week 3 trap**: quads writing AC that just restates goals in Given/When/Then syntax. Hold the line on testability.
