

Week 7 — Agile Delivery & ADO

Mastery · Facilitator Overview

Facilitator-only companion to `labs/README.md`. The per-day facilitator guides are the `day-*.md` files in this folder.

Facilitator pre-flight checklist

- ☐ Confirm every quad's PRD + TCD + TMD + SEP are accessible Monday morning.
- ☐ **ADO access:** confirm every quad has access to a sandbox or live ADO project before Day 2. If not available, use a structured fallback (Trello / GitHub Projects / ADO read-only screenshots) and label the lab "ADO concepts" rather than hands-on.
- ☐ Pre-print or share digitally: **Agile Manifesto Card** (Day 1), **ADO Cheat Sheet** (Day 2), **Tracking Plan Template** (Day 3), **VSM Canvas** (Day 4), **Bottleneck Experiment Card** (Day 5).
- ☐ Coach yourself on the **most common Week 7 trap**: quads who treat the backlog as the deliverable. The deliverable is **shipped outcomes**; the backlog is plumbing.

Per-day facilitator guides
