

Week 2 Handouts — Strategic Design & Metrics

Participant-facing handouts for Week 2. Each is a standalone card, template, pack, or rubric — distribute (print or share) before the day and activity that uses it. Templates and cards are meant to be filled in; answer keys stay in the facilitator lab files, not here.

Design principle: these are working surfaces, not narration. The example packs (vanity metrics, NS candidates, research pack) are deliberately un-scored — the synthesis is the exercise.
